WRIGHT CITY, MO- Hometown driver Kevin Donahue is set to make his Gateway Motorsports Park debut in the #36 "Blue Lives Matter" Chevy Silverado for MB Motorsports in the Drivin' For Lineman 200.

"Gateway Motorsports Park is our home town track, so to be able to race here is just so awesome," says Donahue. "Because MB Motorsports is the only Missouri based NASCAR Camping World Truck Series team, we've had the good fortune of doing a number of TV interviews. Not only is it neat to be able to do that, but it's great as we're supporting Blue Lives Matter again this week and Kansas City Breweries Company, another Missouri based company, is back with us as well."

"We have a great time with everyone at MB Motorsports," notes Sam Lipari of Kansas City Breweries Company. "We've got that Missouri connection and working with them creates a great opportunity for retailers in Missouri see what a great value our **KC Lite™**, **KC Lager™** & **KC Malt™** provide them and their customers. We've got a line up of beers that taste a lot more expensive than they are."

Adds Donahue, "After a great outing last time for Blue Lives Matter, we're happy to support them again this week." Blue Lives Matter is run entirely by active and retired law enforcement officers. In today's evolving society, an increasing number of citizens fail to accept responsibility for their actions and attempt to escape the consequences through outward blame. Due to the nature of the profession, law enforcement personnel are seen as easy targets and are consequently bullied by slander, illegitimate complaints, frivolous lawsuits, and physical attacks. The echo of these negative highlights by the media and political figures have only further damaged community relations, which has greatly increased the inherent threat of the profession. We desire to change these wrongs to law enforcement and once again shed positive light on America's heroes to help boost morale and gain society's much needed support.

"We really appreciate the support we are receiving from MB Motorsports," Blue Lives Matter National Spokesperson, Lt. Randy L. Sutton (Ret.). "They understand what we do and why we do it. They provide an excellent platform for Blue Lives Matter and we're happy to have them as a partner."

The #36 Chevy Silverado will also receive support from Winntec, Gateway Kartplex, Mittler Brothers Machine & Tool, MARADYNE® High Performance Fans, Mayhew Tool, Champion Brands, Reikken, Gaither Tool, Excel Bottling / Ski Soda, Timken, MechanixWear and WIX Filters.

The Drivin' For Lineman 200 will be broadcast on FS1 and MRN at 8:00 pm ET, Saturday June 17th.
